

A reminder about Expectations for the Math Classroom

Mrs. Trevino, Mathematics, January 2019

What is expected of students?

1. Treat me and others with respect
2. Come to class prepared and on time
3. Carefully follow instructions
4. Complete the assigned work
5. Learn and master the required content

....or what will happen?

1st: Warning/Loss of Dojo Points

2nd: Conference with Student/Lunch Detention

3rd: Parent Involvement

Excessive: Meeting with Principal/Conference

What can you expect from the teacher?

1. Treat you with respect
2. Provide you with an orderly class
3. Provide necessary discipline
4. Provide appropriate motivation
5. Teach you the required content

What is the cheating policy?

If a student is talking or looking at a neighbor's paper during a quiz/test the student will automatically earn a ZERO!

Can we earn rewards?

Students who participate, come to class prepared, and display excellent listening skills will work towards earning rewards. **Class Dojo** will also be used to keep track of students who participate and help others. At the end of each week, the group with the most points will earn a prize!

Cell Phones?

Students are to keep cell phones OFF and out of sight unless directly instructed otherwise.

Occasionally, I will allow students to have their cell phones out with special permission. Cell phones are occasionally used by students as a calculator or to listen to music while they work independently.

What can I expect daily?

We will begin each class with a warmup activity. As soon as you come to class, you need to go directly to your assigned seat and get to work!

While you're quietly working, I will be checking notebook pages. I grade notebook pages as complete or incomplete (based on how much effort you put into the assignment).

What should I bring to class?

1. Notebook
 2. Pencil and Pen
 3. Planner (school provided)
- Glue, scissors, extra erasers and a ruler are all nice to have too!

How am I graded in the Spring Semester?

40% Quizzes and Tests

20% Math Practice Homework

15% Notebook (Including daily pages)

15% Classroom Activities and Projects

10% Effort and Participation (including CLE)

How can I improve?

Success begins with maintaining a complete an organized notebook as well as putting FULL effort into all homework problems. Extra credit projects are also available (around progress report time) to help boost
